

The New Bern area, with its abundant waterways, beautiful scenery, mild weather and access to the Intracoastal Waterway, is a natural magnet for boating enthusiasts. Whether your power or sail, deep depth or shallow the surrounding waterways offer boaters a board range of enjoyment. With this nautical bounty in mind, the New Bern Yacht Club was incorporated in March 1993 by seven boating families who wanted to mutually enjoy and explore the shores of Eastern Carolina and beyond. Simply put, NBYC is a family-friendly club, dedicated to recreational boating, responsible seamanship and an enjoyable boating lifestyle! Our members own a range of sizes and styles of boats, from sail and power to “oar-driven” kayaks and canoes. Each season we organize a range of local and long-distance cruises and on-the-water activities. We promote fellowship through year-round social gatherings, as well as monthly meetings featuring programs of interest and education to our membership. New Bern Yacht Club’s home is located on the waterfront at 1206 Brices Creek Road, with an outstanding west-facing view of Brices Creek that extends to the Trent River, the ICW and the Coast. The dock offers six 30 ft. slips with power and water for annual member rentals. The New Bern Yacht Club is excited to announce a limited number of memberships. If you are a boater interested in joining a family-friendly club, please call the Membership Chairman listed on our website, [www.newbernyachtclub.com](http://www.newbernyachtclub.com), or call our general phone number, (252) 634-2626. There are no size limits for boats large or small – just bring your enthusiasm!
